

What is culture and arts education?

A multidimensional learning opportunity fostering cultural diversity

Educational tool

An approach, and a field of study, research and practice.

Diverse cultural perspectives

Activities, practices, expressions, materials and objects.

Knowledge and awareness through self-expression

Discovery and experimentation.

Different modalities

Offline, online, distance and blended.

The foundation of our values

A sense of identity, respect towards otherness, critical thinking.

Different pedagogies

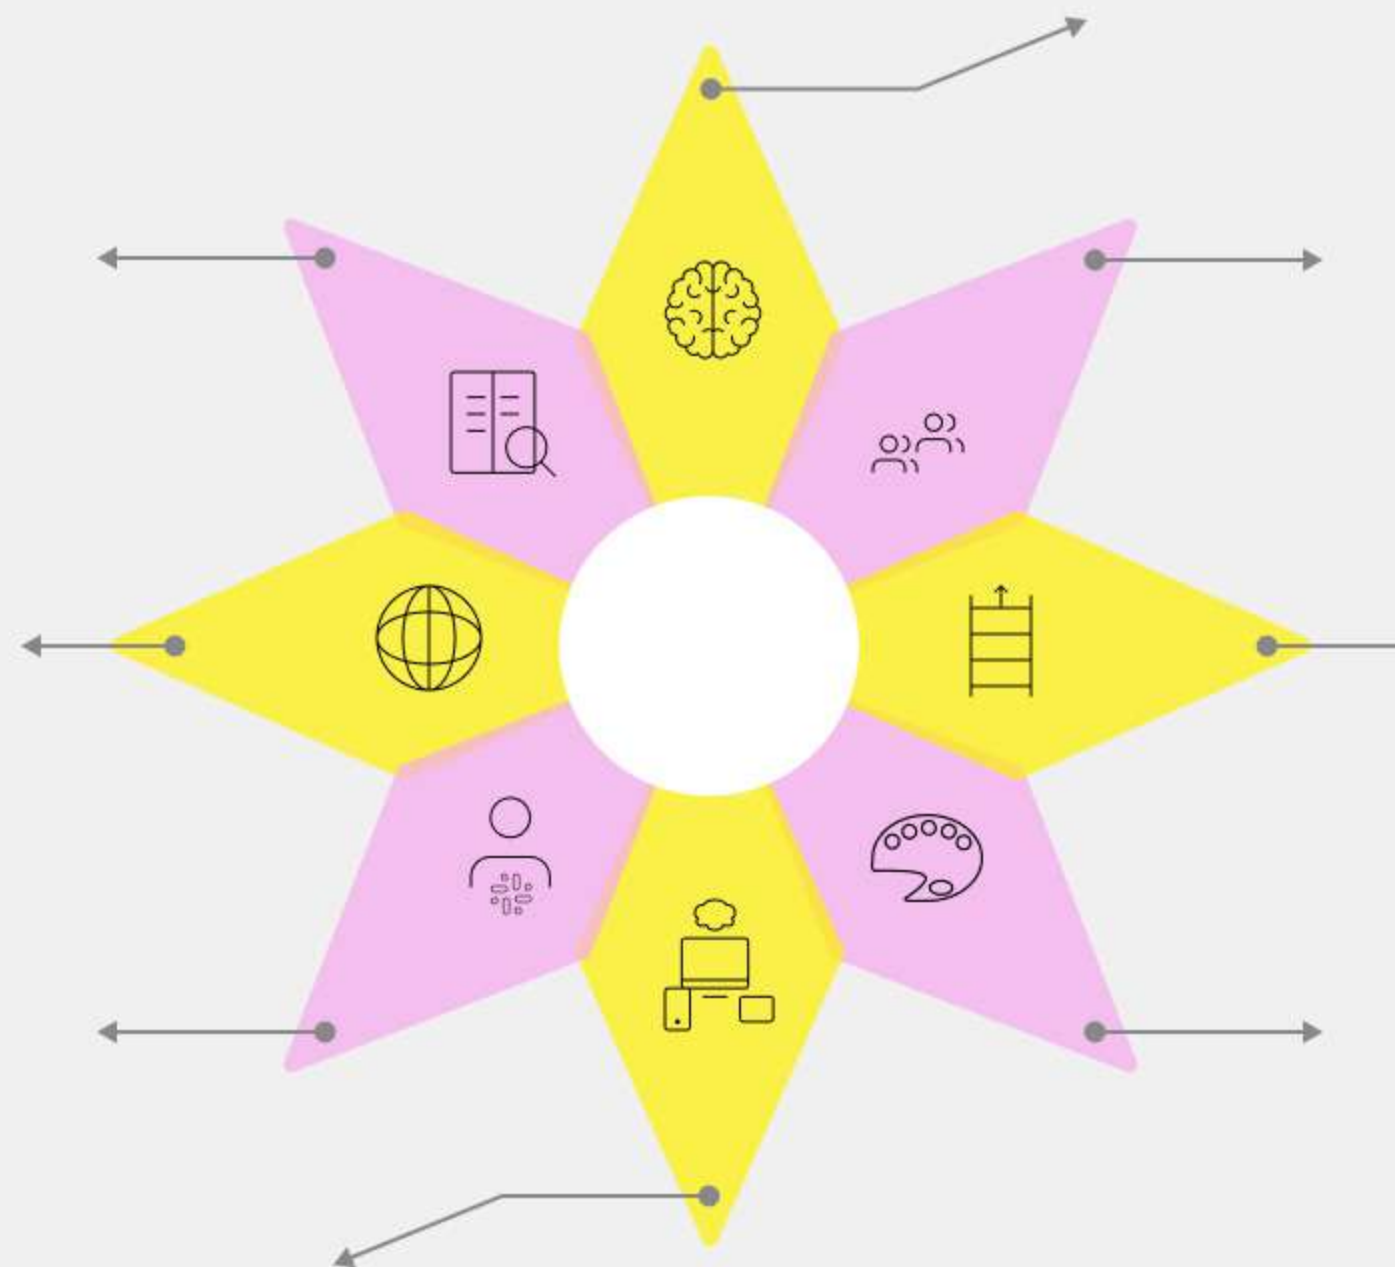

Inclusive educational activities for all.

Lifelong learning approach

Formal, non-formal and informal settings.

Creative expression

Regular practice of the different creative languages in various situations.

Definitions based on *UNESCO Framework for Culture and Arts Education (2024)*, and *Syllabus for Art Education (Primary cycle) (2014)*.
